

Energy Practices

Optimizing Energy Efficiency, page 279

Goals	Indicators
<ul style="list-style-type: none"> • Consume less energy per person per day 	<ul style="list-style-type: none"> • Power demand per person

Conserving Energy, page 333

Goals	Indicators
<ul style="list-style-type: none"> • Consume less energy per person per day 	<ul style="list-style-type: none"> • Power demand per person

Electrifying, page 354

Goals	Indicators
<ul style="list-style-type: none"> • Eliminate fuel consumption • Reduce air, water, and noise pollution • Increase energy efficiency 	<ul style="list-style-type: none"> • Electricity percentage of energy consumption

Solarizing, page 363

Goals	Indicators
<ul style="list-style-type: none"> • Eliminate fuel consumption • Reduce air, water, and noise pollution 	<ul style="list-style-type: none"> • Solar percentage of energy consumption
